

S. M. HASAN SHAHRIAR

MERN Stack Developer

Dhaka, Bangladesh

Phone: +88 01678121771 • Email: ador.shahriar@gmail.com • [LinkedIn](#) • [Portfolio](#)

Skills

Technical Skill

Expert: HTML5, CSS3, JavaScript, React

Comfortable: Node.js, Express.js, MongoDB

Familiar: Next.js

Tools: GitHub, Firebase

Soft Skill

Hard working, Adaptability

Projects

1. **Nexus Asset Management** – A MERN Stack based Asset management system Duration-7 days

A robust system for company asset management. Admins create/manage assets, users request assets. Dynamic user home, custom requests, profile updates, and efficient filtering.

Key Features:

- Implemented dynamic role-based dashboards for personalized user statistics.
- Integrated return functionality, enhancing asset lifecycle management for users.
- Admins efficiently filter assets and requests by user in pages.

Technology: React, Tailwind CSS, Express.js, MongoDB

2. **The Blog Hub** – A MERN Stack based Blog Website Duration-5 days

An insightful blog collection. Users view recent blogs, comment, add to Wishlist, and explore featured content. Authors can update blogs for continuous engagement.

Key Features:

- Display six latest blogs on the homepage for user convenience.
- Enabled user comments, excluding the author's own blog.
- Implemented 'Add to Wishlist' functionality for user preferences.

Technology: React, Tailwind CSS, Express.js, MongoDB
